INFO.

FROM:

SUBJECT: [redacted] Medical Report

ACTION REQUIRED:

For Your Information

1. To facilitate reporting of [redacted] accidents to the National Safety Council, all medical/accident reports were incorporated into an accident analysis for 1967. Two copies of this analysis are being forwarded under separate cover for the information of [redacted] and Iden A. 25X1A 25X1A

2. A 3-day fire and safety survey was conducted by Iden A on his recent visit to [redacted] and he requested that [redacted] complete and forward copies of Form 2652-A. It was suggested by Iden A that in view of the minimum number of such reports, they could be included with the quarterly medical summary. 25X1A 25X1A

3. The availability of STOL and Helicopter aircraft has made it unnecessary for the [redacted] Medical Technician to accompany personnel to the field on all [redacted] exercises. Medical kits are prepared in advance and carried to the field under the supervision of a qualified first aid designee, while the Medical Technician remains at [redacted] on an emergency standby basis in the event that his services will be required. 25X1A 25X1A 25X1A

4. [redacted] has been able to utilize his past communications experience in amateur radio, and with additional training from the [redacted] communications officer in air/ground [redacted] procedures, was able to participate in the March [redacted] exercises by serving as the flight radio operator on two 6-hour low level training missions. 25X1A 25X1A 25X1A

5. In addition to the communications training, [redacted] satisfactorily completed a course in physiological training at Iden B. This course was a 3-day original phase course and included rapid 25X1A

Attachment:
Idens use
Accident Analysis & Forms 2652-A use
AP Form 702 use

Distribution:
Orig & 1 - Chief, [redacted] w/o attachments
2 - Chief, [redacted] w/attachments

Orig - Pers/alf - MS

[redacted]

decompression and ejection seat training. A copy of AF Form 70x is being transmitted under separate cover for inclusion in [redacted] 25X1A personnel records. To upgrade his knowledge in safety procedures, 25X1A [redacted] completed a National Safety Council's "Supervisor's Home Study Safety Course" and received recurrent Flight Attendant 25X1A training as required by [redacted]. The safety and recurrent Flight Attendant training is in keeping with the commercial cover aspects 25X1A of [redacted] employment at [redacted].

6. Permission was granted by [redacted] for the Medical Technician 25X1A to give mumps vaccine inoculations to those [redacted] employees so 25X1A desiring this protection. Notice of the availability of this vaccine has been distributed among all employees and inoculations will be given in April.

7. Since the beginning of the year, [redacted] has made three trips 25X1A 25X1A to [redacted] for the purpose of giving physical examinations to [redacted] 25X1A 25X1A employees. [redacted] is in the process of completing the pre-physical requirements on the remaining [redacted]. To date, the physical 25X1A 25X1A examinations [redacted] employees have revealed 27 major abnormalities and corrective action has been initiated. Obesity and hypertension have accounted for 14 out of the 27 abnormalities. During the past 25X1A year, [redacted] were provided with influenza inoculations, and 25X1A immunizations were given in conjunction with [redacted] 25X1A world-wide TDY standby policy. A total [redacted] utilized the 25X1A services provided by the First Aid room and 30 hours of First Aid instruction was given. A program to follow up on medical problems is being planned and will be coordinated with [redacted]. 25X1A
